# MAIN BUSINESS

**MONOCRYSTAL SILICON WAFER**

- P Type Monocrystalline Silicon Wafer
- N Type Monocrystalline Silicon Wafer
- HJT Silicon Wafer

**SOLAR CELL SOLAR MODULE**

- 158.75/166/182/210 P/N Type Solar cell
- High Efficiency Solar Modules
- 210 HJT Solar cells

**SMART POWER STATION SOLUTIONS**

- PV Power Station Development And Construction
- Smart Energy System Solution
- Smart Distributed Energy Solutions

**MICROGRID ENGINEERING SOLUTIONS**

- Smart Solutions For Energy Storage
- Energy Storage Cloud Platform
- Power / Electronics monitoring system

## COMPANY PROFILE

---

JHPVTECH Since its establishment in 2012, has focused on photovoltaic power generation, focus on silicon wafer and high efficiency solar cell technology development and application, as a world leading solar cell and module manufacturer, concentrating on high efficient solar technology production in China and overseas. Practice low-cost, high-efficiency cells and module technology.

JHPVTECH is dedicated to empowering solar solution and to be a true reliable supplier to our business partners around the world.

## CORPORATE CULTURE

---

### CORPORATE VISION

To become a world leading digital and intelligent manufacturer of wafer and high-efficiency solar cells

---

### Corporate Mission

Focuses on the development and manufacturing of solar cell. provides the high efficiency and high quality cell Always keep cell efficiency and cost at an excellent level. Always keep long-term and stable cooperation with customers and suppliers

---

### Corporate Value

Honesty and Trustworthiness Win-win Development; Pursuit of Excellence Focus on Efficiency

---

# BRAND HISTORY

**2015**

Ningbo Jinghong Energy Technology Co., Ltd. was established, Cell printing and production

**2017**

The Cell production capacity was 400MW, and the two-year export sales exceeded from \$3 million to \$10 million

**2019**

Established Indian branch SUNLONG cell printing

**2022**

Established Cutting silicon wafers company and module production base 1.5GW

**2023**

It established a European branch and a Singapore branch, engaged in Cell and silicon wafer sales

**2024**

Set sail for the future...

# GLOBAL INDUSTRIAL CHAIN LAYOUT

Completed product supply Chain reduces cost and increases efficiency for customers

**120+**  
R&D Engineers

**70+**  
Global Footprints

**3**  
Production Bases

**300+**  
Company Employees

**10** Million +  
Wafer Capacity

**500** MW  
Oversea Solar Cells Capacity

**500** MW  
China Solar Cells Capacity

**1.5** GW  
Solar Module Capacity

## SERVICE SUPPORT

---

JHPVTECH believes that high-quality customer service is crucial for improving customer satisfaction and loyalty, which is conducive to retaining old customers, attracting new customers, and strengthening cooperative relationships with all the customers. With a professional service team, Renesola provides customers with world-class, high-quality, efficient, and professional pre-sales technical service, after-sales problem solution, training program, consultation, and complaint handling, which brings the best experience to customers.

### Global Network, Local Support

As a world leading manufacturer of PV modules, we will proceed to expand our global network of production, logistics, sales and service, to meet the demand of customers all over the world. In various regions, Renesola has built a service team with decades of experiences in PV industry, which is capable of communicating with customers in local languages and providing customers with timely service response and solution just like in the same time zone.

### Customer Satisfaction Surveys And Complaint Management

JHPVTECH attaches great importance to customer opinions and suggestions. We conduct regular and irregular customer satisfaction surveys every year, to ensure customer demands are fully figured out and solved. We will invite customers to conduct on-line surveys or one-on-one interviews every year, moreover, the Customer Communication Management (CCM) will timely sort all complaints, to ensure solve the problems timely.

## PROFESSIONAL TECHNICAL SUPPORT

---

Experienced engineer team provide excellent solution and support for you.

## FASTER LOGISTICS

---

As a professional partner, deliver our products to your warehouse or directly to the project location.
